

Unchanged team is our strength

Vikrant Chopra

The new 2014 PGTI season has just begun and my goal is to bring home at least one individual title this year. Last year's five top-10 finishes have really increased my confidence.

Taking this confidence into 2014 I am hoping to win a couple of tournaments on the PGTI this year.

However, in my favourite tournament, the Rs. 1.2 crore Louis Philippe Cup, my success has been better as we've enjoyed a win and third-place finish in the last two editions.

I'm excited that our team is the only one to be unchanged in all three editions and to get back with my buddies Mithun Perera from Sri Lanka and Vinod Kumar of Delhi for the third consecutive time, will be a blast! Our

team Navratna Ahmedabad had a fairytale finish in the inaugural edition. No one fancied our chances against the strong home team of Bangalore, yet we emerged victorious 3-0.

In last year's edition, we couldn't reach the finals but grabbed the third spot after beating the home team Jaypee Greens Greater Noida.

The consistent show can be attributed to the bonding and coordination we have as a team. Being the only team to remain unchanged, it will be our biggest strength. RN
